ATLANTIC HIGHLANDS, N. J., Sept. 11,-1,50 P. M.-Vigilant is now nearing the stakeboat. As near as can be judged from this point she is about one mile and a half ahead of the other

VIEWED FROM SANDY HOOK.

The Start and the Race as Through a Telescope.

SANDY HOOK, N. J., Sept. 11 .- There was every indication this morning that the race by the four crack single stickers would afford yachting cranks plenty of and excitement. Capt. Hank Haff's admirers said he certainly ought

The wind was coming directly out of the east at the rate of thirty-five miles known in nautical parlance as "a piping

It made even the big steamers passing along the coast pitch and heave like corks on the monster rollers, Sailing vessels had no use for topsails and plunged along under double-reefed mainsalls. They seemed to be having a hard time of it at that.

Overhead the sky was clear and the sun was shining brightly. Down in the south, however, there was a heavy bank of gray clouds skirting the horizon, giving promise, the sailors said, of nasty

At 9.30 the wind had hauled around slightly towards the north, and was blowing as strongly as ever. As far out as the eye could reach to seaward the surface of the water was dotted

with curling white caps.

The vicinity of the lightship was no

place to-day for the small craft which followed the racers on Saturday, None but the largest and stanchest bouts

could go down to the starting point.

The indications were that the course will be laid about due east, fifteen miles to windward and return.

The view to the eastward was perfeetly clear, with not a trace of fog or

The black hulled Boston fin keel Jubiles made her appearance outside the Narrows at 9.45. She came down directly to windward in tow of the Luckenbach

Her mainsail, jib and forestaysall were hoisted, but they flapped in the gale. lant, bearing away down the Staten Island shore on the port tack, with her three working sails set. She had throw out a full mainsail and staysail to th breeze, and did not seem to mind the blow at all. As she boomed along she keeled away over to starboard, while a

perfect cloud of white spray dashed over her weather bow. Colonia and Pilgrim, with lofty spread of canvas, then came into view outside the Narrows. They followed the lead

of Vigilant down the Staten Island shore, making apparently for the horseshoe inside Sandy Hook Point. Jubilee soon turned back and lowered by the Swash channel, but finding it too

rough, decided to take the main channel to the west, where the water was Word was received at 10 o'clock that

still in tow. Colonia was following down rapidly overhauling the pot-leaded at. She showed half her green keel she dashed through the big white-

er d ed rollers. Pilgrim was headed down the Swash Channel on the starboard tack, and pointed directly out to sea. Her mainsall jib and forestaysail were drawing uperbly. In fact the canvas of all the

Every one at the Hook was keeping a sharp lookout for the English cutter Valkyrie, due yesterday. It was thought she might come in in time to see some-thing of her prospective rivals for the

The prevailing winds for the past however, have been from the west. This was unfavorable to rapid progress, especially for a yacht working under a lugger sail, as is the case with the Britisher.

Vigilant came around the point at 10.15, and headed for the lightship. She rode the big waves like a seabird. Every now and then she threw the apray in a foamy cloud from her fish-

Colonia was half a mile behind, coming around the point. She stood up well in the stiff breeze, but did not appear to ride the white caps as easily as her ival. Her bows were continually buried beneath a mass of creamy foam. To

The crews of both yachts, in their white sweaters, could be plainly seen lying along the sandbags an the weather rail. Buckets of water washed over them at each plunge into the heavy swell, but they did not seem to mind it in the least. The lower part of the iib and mainsail of each yacht was

Jubilee and Pilgrim passed the point tow at 10.45. Pilgrim had housed her topmast and had only her mainsail and aby jib up. The canvas was flapping and beating in the wind.

At this time the Committee's boat

May was lying at the Scotland Lightship waiting for the yachts to arrive. Pilgrim cast off from the tug and lay up in the wind just below the point. mething seemed to be the matter with the mainsail. It hung very slack at the

throat of the gaff. After heaving to for five minutes Pilgrim again took up the tug's line. Jubi-lee had cast off from her tug and was nailing free.

Colonia and Vigilant were both at the stake boat at 11 o'clock. The wind was still holding steadily one point north of east and blowing from 28 to 30 knots. Pligrim reached the lightship at 11.30.

She had hoisted jib, mainsail and forestay sall. All four yachts were then under the same working canvas. Colonia and Vigilant ran down two

miles below start, and when they re-turned housed their topmasts. Jubilee did the same. The blue peter was holsted on the May at 11.30. The racers then got into posi-

ion for the start. Five excursion steamers, crowded to he rails, and about a dozen yachts were at the lightship. The big Valiant was

not out to-day. The signal gun for starting was fired on the May at 11.40. The yachts crossed the line in the following order, as timed

emporaties Saturday, The 6 o'clock edition of "The Evening World" exclusively printed the correct official time of the finish, including the starts and turns, in the triangular contest. Eight carrier-pigeons were

triangular contest.

It impulsate contest.

It is a "Evening Webit" representative, who closely indicated the white-winged contestants from start to misk. Only here of the swift homers' were let fly. All reached Mr. Berry's cote in an incredibly short space of time. The last bird in, named Capt. Summers, brought the message announcing the finish from Solind lighteship to Tompkinsville, a distance of screnteen miles, in 41 m. 57 s. He is a beautiful silver birl, and had the honor last Thursday of carrying the official and exclusive news of Colonia's victory.

SEEN FROM THE HIGHLANDS. Progress of the Race as Viewed from

the Bluff. HIGHLANDS OF NAVESINK, N. J., Sept.

11.—There was a fine view of the start from the bluffs here, but, of cours, the time taken is likely to differ from that taken at the

the port at 11.47.10, and Vigitant at 11.47.35.

The Beston boats, as made out from here, were quite seriously handicapped. The course being sailed was northeast, towards a point at little east of Rockaway shore.

At 11.50 Colonia was apparently leading, with Vigitant pushing her closely, Jubilee was apparently third, and Pligrim last.

Jubilee came around on the startward tack at 12.05 and stood off shore in wake of the leaders. Colonia and Vigitant were having a grand contest, as viewed from this point.

At 12.15 Vigitant was helf a nulle to windward of Colonia, while on their weather quarter came Jubilee rearing along in handsome state.

big sloops seemed to set better than on previous days.

The flag-ship May passed down opposite Sandy Hook headed for the starting point, signalled that the start would be made from the Scotland Lightship. She was the first of the fleet of yachts to appear off the Hook.

Every one at the Hook was keeping a short lookers for the English cutter.

than those above have been received yet.

Dr. Doty, Chief of the Bureau of Contagious Diseases, has investigated the deaths of the Couzonieros and the similar poisoning of people in Harlem.

The symptoms of toadstool poisoning are extremely similar to those of Asiatic cholera. To satisfy himself that it was not the latter infection Dr. Doty said if the illness arose from plants gathered by individuals for their own households, the matter did not come under the jurisdiction of the Health Department. If it was ascertained that a dealer was selling toadstools for mushrooms, the Department could act.

Another case of toadstool poisoning has been found at 68 West Third street, has been found at 68 West Third street.

has been found at 68 West Third street, and still another somewhere on Bleeker Both of these cases are under the treatment of Dr. Forest, of 101 Waverly places.
Sanitary Supt Roberts said this af-terneon that the Health Department would seize all mushroons which were being sold by peddiers.
The Department also requested that the newspapers warn people to refrain from buying them.
